

Allergen Statement –
NoordCode Organic Cacao Whey Protein 650g

We confirm that above mentioned products contain following allergens: Milk and products thereof

No other major allergens, as defined by Regulation (EU) No 1169/2011, are present in this product.
Product does not contain traces of allergens.

Allergen Control & Cleaning Procedure

Our production facility operates under a validated allergen management program to prevent cross-contamination. The following measures are implemented:

- In cases where shared equipment is used, a validated cleaning procedure is performed, including:
 - Dry cleaning and removal of product residues.
 - Wet cleaning with approved food-grade detergents.
 - Rinse and inspection for visible residues.
 - Allergen-specific rapid testing (swab tests) to confirm absence of cross-contact residues performed from time to time.
- Production scheduling is designed to process non-allergenic products before allergen-containing products.
- Records of cleaning validation are maintained for each cleaning.

Statement of Allergen Absence (Other than Milk)

Based on our allergen management program and post-cleaning verification, this product does not contain traces of other allergens stated in Annex II of Regulation (EU) No 1169/2011 (such as gluten, soy, peanuts, tree nuts, fish, shellfish, eggs, celery, mustard, sesame seeds, lupin, or sulphites,...).
