

1.1 Certificate of Analysis (CoA)

Product Information

Product:	Creatine Pro
Batchcode:	-
Production Date:	-
Expiry Date:	-
Customer / Client:	Noordcode

Testing is performed on each individual ingredient used in this formulation. All analytical results refer to raw materials; the final blended product is not tested as a separate unit. However, testing of the final blended product may be performed if there is a clear justification or specific risk that warrants it.

1. Product Characteristics

Appearance:	Fine powder
Colour:	White
Odour:	Typical

2. Heavy Metals

Arsenic:	< 1 mg/kg
Cadmium:	< 1 mg/kg
Mercury:	< 0.10 mg/kg
Lead:	< 3 mg/kg

3. Contaminants

Pesticide residues:	Complies
Sum PAH 4:	< 50 µg/kg
Ethylene Oxide:	< 0.01 mg/kg

4. Microbiological Analysis (optional)

Total plate count:	≤ 10.000 cfu/g
Yeasts & moulds:	≤ 1.000 cfu/g
E. coli:	Negative
Salmonella:	Negative

5. Compliance Statement

This product has been tested against the strictest criteria using ISO 17025-accredited laboratory methods. Independent verification confirms that it meets all applicable EU Food Safety Regulations for this product category, including traceability standards.

6. Declaration
